Year: ????

Inventor: CIA / Fischer?

Important persons like politicians, scientists, parents... would maybe get an invitation to cyber-rape a young girl or boy as soon as they become somehow relevant. All those then that bines in foedini fruit can then be blackmailled with persons that would know. "Maybe" NSA/CIA dataforensen systems play a role there. The CIA would maybe integrate only people with a criminal record like e.g. pedophilia to keep them silent. It is very likely that if one eaten this forbidden fruit things like Suicide Death Bot would work better on the offender but also the victim. Even when the steam was only a simulation, things like m32, m44 would happen, and the offender would get dtl or m46, m52 card obfuscates technology cards t1, t10, t12, pedophilia is a trigger topic that deactivates critical thinking because Pedophilia is a strong image, often only virtual. Played to make people eg forget about things like Mainframe or in Switzerland for example the Military Fiber Network where possibly the Active Denial Systems or the complete Country is controlled over (Backbone). It would be likely that the CIA promises always 88 virgins (seductive coercion), but if he would fulfill the promise the CIA would loose the influence. Der Weg war umsonst, leider...

Inventor: XXXX
And if the kid / victim that was abused (abuse = obfuscation for human experiments) and transformed in a bot and he would be to the people who did this to him / her they would send him to smoke a cigarette (Stimulus-Reaction-Habit or Electronic Harassment) so the can change things or fake the protocol or steal prove.

Year: ~????

If one smokes, its possibly also a victim of such illegal human experiments. But it is also possible that one of the offenders smoke to obfuscate his role as culprit (a 14 Card)

Behavioral "Sciences": They enable the pain implant in the frontal lobe, and if you smoked they disable it, so you smoke.

A photograph of a man in a dark military uniform with gold chevrons on his shoulders and a red beret, standing next to a woman with blonde hair and multiple tattoos on her arms. They are standing in front of a house with a tiled roof. The woman is wearing a light-colored top and shorts. The image is framed by a green border with white text and a red circular icon containing a gear.

forced marriage Operating System

Inventor: ??????

Some military people their power to force a woman into marriage. Weapons are not only Guns or Tanks, also having access to eg. Financial Systems, doctors degree, psychiatrists degree, destroy the live or hunt down the brother of the women he wants to rape. In Switzerland paramedic industry did drug experiments with Verdinkinder (Children without Parents). So far not public known is that they also tested things like Stomocare or Neuralink. Today all people in Switzerland seem to have such interfaces, therefore there must be a backbone and we guess that this would be the Military Fiber Backbone. When I asked the schulkommandant of Waffenplatz Wangen: "What is the military fiber backbone for?" I was not sure that there is one, social engineering! He said only "for marching orders only". Some Militaries intentionally let their soldiers force woman into marriage, if they do this with secret technology the military can easily force them to **defend this secret**, otherwise her women could prove that she was forced to marry the soldier, so they let the soldiers intentionally abuse it. If female Victims would not get support from the justice system they would try to distract the military and the justice. Even by **abusing** their or other kids as "Scapogats and Weapons" and would kill 2 kids. -"The Tower", "Forced red team"

If a whitehat hacker discovers that the company he works in (for example in switzerland) is maybe owned by nsac/a and would begin to tweet about that one would maybe ask, why the whistleblower was killed after tweeting that. So those people would attack him with different methods, eg, with declaring him Schizophrenic or with things like induced Occupational burnout. The chief maybe says stupid things like, "we only want to help marc" lets put him in mental institution that he gets better. but as we know already, a mental institution makes it much much more worse.

To prevent that the remove whitehat hackers and whistleblowers, or even kill them tell the people about this sort of nsa / cia infiltration and terrorism.

Nazi Mental Operating System

<https://0x8.ch/HackersCardname7>

Inventor: XXXXX

Year: -???

Mental Operating System would be a **almost coherent dogma room** for **lazy people**. those who create those systems try to make as less mistakes as possible, so that the members don't have to much cognitive dissonances otherwise they would start to think by their own. But the creator adds backdoors and triggers to a dogma room, so he can control and trigger its members. There are antagonizing dogma rooms, eg. the Nazi Science Mental Operating System, they would maybe be incompatible (ms03 card). In my opinion the Jewish Science MOS has less bugs, but people with **low intelligence** would have **less ambiguity tolerance**. To show the Nazis where they have bugs could help to improme the situation. But to disassemble and unistall a complete MOS takes a lot of effort. If you find a younger Naz that is on the wrong way but has not yet killed it wouldn't be ok to put him into jail, the only morally intact thing would be to help him. 'her that (she) does not makes to much stupid things. I guess Nazis are victims of parental abuse to install mos3 to use them as a Human-BOT.

Ritual Abuse Mental Operating System

mos4

Year: ???

Inventor: CIA / FischerCardinne

Definition: A Mental Operating System would be a almost coherent dogma room for lazy people. This card is maybe played with mos2, mos3 Card in random or specific order. Maybe ritual abuse, Rape, Pedophilia that unfortunately exists is just used by the people like modern Joseph mangle to obfuscate illegal Human Experiments. See Cards: eye1.t

So parents that abused eg their kids, are just another thing to trigger psyche of the victim for not finding out the truth about the implant things. The Rapist must not be the one that implanted the illegal things, maybe not even knowing. So this card would be one way they hide illegal human experiments. One could easy use this to find out if patient was subject to illegal experiments, consider Modus Tollens, Modus Ponens and a!6 card.

Simpsons Mental Operating System

Year: ????

Inventor: ????

My definition of a Mental Operating System would be a almost coherent dogma room for lazy people. See mos1 card. For example one could render down significant simpsons scenes on a Sun Grid Engine to 200x150 pixel and use this scenes on eg t1, t1.0, t12, t* cards to influence the 1980s generation to do things the right way. For example when bart sells his soul and lisa helps bart to get his soul back. Since **Matthew „Matt“ Abram Groening** seems to be one of the good guys it would be hard for the mos3 card people to abuse the mos1 card. Hopefully those scenes are covered by normally broadcasting fees in switzerland, about anyway see **co4** card.
