Inventor: xxxxx Year: ~???

If a whitelist hacker discovers that the company he works in (for example in switzerland) is maybe owned by nsacila and would begin to tweet about that one would maybe ask, why the whistleblower was killed after tweeting that: So those people would attack him with different methods, eg. with declaring him Schizophrenic or with things like induced Occupational burnout. The chief maybe says stupid things like, "we only want to help marc" lets put him in mental institution that he gets better, but as we know already, a mental institution makes it much more worse.

To prevent that the remove whitehat hackers and whistleblowers or even kill them tell the people about this sort of nsa / cia infiltration and terrorism.

## WHISTLEBLOWER

Instruments of power tends to be abused. So we can blame the instruments for not getting into trouble with the people that abuse the instrument of power. Justice Systems, Police, Guns, Tanks, things against the sexual integrity of a person, knowledge, knowledge about crime, BigData, Computer, Finfisher, physical strength, martial arts... are all instruments of power. Like almost everybody i also abused power since everybody seemed to abuse it. Parents are also often a bad example where kids learn to abuse such instruments of power. I was mostly the guy that was victim of such abuse so it was rather easy for me to change the side: i began to confess all my sins, began to excuse and help those that were my victims. Spiritually i feel much better now. But unfortunately there are lots of older people that not yet began to confess, and they make me a lot of trouble, see m44 card.

## Scroogeat 1 (Soldier)

To call soldiers "scrogoats" would be wrong. Everyone with a weapon has power. And power tends to be abused.

I don't want to put this image here, but since it seems to disappear on the internet and since it is of historical value to show what military often does to the smallest i put this in my repository

If you watch the "Collateral Murder Video" and listen to the soldier, you will find out, that also 50 Years later nothing changed except those like Chelsea Manning who spoke out what is currently going wrong in the US Army.

## CHRISTITY BELT

Inventor: xxxxx Year: ~???

The main problem if chastity belts (no matter if real or virtual) is how to get rid of them. Tools does not seem to work here. <insert>maybe marc | lust should not have created the ra2 card.</insert>

<unknown>unfortunately you can "not" buy women chastity belts</unknown> <me>unfortunate you can not order such things for women, because you would get again m41 card</me>Breaking up with the promis man normally give their first girl could maybe help for virtual chastity belts but because of the m38 card, that means if the lusPrimaElocis Suicide Death bot was only virtually created software the girl i love and i promised to be true forever would have the same situation and then for sure it would be real. Can not verify so far if this is real or virtual.

N Neuroticism: abuse = obfuscation for human experiments) and transformed in a bot and he would be to fast for the people who did this to him / her they would send him to smoke a cigaret (Stimulus-Reaction-Habit or Electronic Harassment) so the can change things or take the protocol or steal prove.

If one smokes, its possibly also a victim of such illegal human experiments. But it is also possible that one of the offenders smoke to obfuscate his role as culprit (a14 Card)

Behavioral "Sciences": They enable the pain implant in the frontal lobe, and if you smoked they disable it, so you smoke.
