To call soldiers "scapegoats" would be wrong. Everyone with a weapon has power. And power tends to be abused.

I don't want to put this image here, but since it seems to disappear on the internet and since it is of historical value to show what military often does to the smallest i put this in my repository. if you watch the "Collateral Murder Video" and listen to the soldier you will find out, that also 10 Years later nothing changed except those like Chelsea Manning who spoke out what is currently going wrong in the US Army.

Role/Archetype

Stan S. Stanman is the Role of the cheater that takes all the ~~best~~ of the ~~hero~~ in the "game". The one that gets tons of money for the work other people almost died for. He uses the knowledge of less "The Fool" (classic Tarot Card) selfless to become rich. But in fact it is just an obfuscation-archetype that one would find if one would follow the trail of money.

Peppi Drug Scapegoat

Like in the Movie 'Das Kleine Arschloch 1+2' some people tend to do drug experiments with equal aged kids or people. Like the 94 Card it obscures the technology cards. The Victim then has possibly 10+ Years fear and PTSD because of the things that were made with him / her. In fact it are not the drugs, it are those technology cards and most likely older people than the equal age kids that made this experiments with 'peppi' (the dog). It is complicated to forgive those equal aged kids, because they maybe(?) feel bad what happened with the kid, so they tend not to talk to this kid, so it becomes more paranoid. Maybe the played n37 card and there are already some dead equal aged kids, so satan plays d11 card already.

Like all archetypes think about the option that there are always good and bad people. (a14 card) so it could also have some angle archetypes that do bad things or that are being abused to do bad things. To derived the archetype from a person from cloths, look or beauty leads often to wrong results, but if you talk to a person or if you really know a person it will be very hard for the CIA Neuralink Software to make you think that this specific Satan is a Saint. They are getting better with the touring completeness to hide persons real character and motivation, but since they use generic code, one single mistake well expose the truth, so listen carefully, if they loose one archetype code you will find a lot of them and remember there are both sorts, good and bad (a14)

Instruments of power tends to be abused. So we can blame the instruments for not getting into trouble with the people that abuse the instrument of power. Justice Systems, Police, Guns, Tanks, things against the sexual integrity of a person, knowledge, knowledge about crime, BigData, Computer, Infisher, physical strength, martial arts... are all instruments of power like almost everybody i also abused power since everybody seemed to abuse it. Parents are often a bad example where kids learn to abuse such instruments of power. I was mostly the guy that was victim of such abuse so it was rather easy for me to change the side: i began to confess all my sins, began to excuse and help those that were my victims. Spiritually i feel much better now. But unfortunately there are lots of older people that not yet began to confess, and they make me a lot of trouble, see m44 card.
