 Laurel wreath

<https://0x8.ch/HackersCardgame7>

Inventor: xxxxx
Year: ~????

A laurel wreath is a wreath made of branches and leaves of the laurel (latin taurus). The laurel wreath is a symbol and an insignia for a special honor or distinction, for a victory (eg. for killing sheeps or even innocent children) or a special success. So to say the **special super-duper superman hero** to compensate low selfesteeme a you see on card m46. Beeing in your circle of **equal aged person** is normally much more satisfying but the infrastructure tries to split them with eg. sk1 & b1, co6, co7, m37 -> m46 -> dt1... Maybe useful as bad example or as carpet. (note, hopefully this picture represents a faux fur for lion, so no animal had to die). The "master" lion seems to create other lions as scapegotes but also to make them defend him and his **Hitler-Mental-Operating-System**

The **carnivorous** lion symbolizes the Alpha Animal in a (social-)system. In Economy these are often trend-setters that make their followers buy things they don't really need. They use the an **satans global marketing infrastructure** that unfortunately also kills innocent kids in this world but als eg. in switzerland a you see on card m46. Beeing in your circle of **equal aged person** is normally much more satisfying but the infrastructure tries to split them with eg. sk1 & b1, co6, co7, m37 -> m46 -> dt1...

 fool's cap

<https://0x8.ch/HackersCardgame7>

Inventor: xxxxx
Year: ~????

In the Middle Ages a fool or a Tor (german: töricht = foolish) was the person, who entertained the royal household and was dressed mostly strange but funny. The term "fool" also refers to persons who are very immature, stupid, clumsy, biased, prejudiced, ignorant. I guess "ignorant" was inserted later. The fool is normally not ignorant and if the king has a black heart it would be even dangerous to tell him what many others think directly in his face.

Kings often do not want to look in the mirror because they know normally that they are fat, hairy and ignorant. The fool tries to show the king his own stupidity without being killed (jester's licence) by the king (= Satan)

dt4

Year: ~1999

After dt1 card where i would have killed that i dont know and where i dont have a intentional motive since unknown (scapegoat) they now say "you've drwan V's on Windows NT Computer." That prevented other users from going your path since this i planted booby traps against their integrity. It's now legitimate to do this with you too and go against your sexual integrity". In fact this would be just a habit that was programmed. Technically it would be something like the 1960s movie about mindcontrol and orgasmosations that gave incentives if i've drawn a V with the mouse, but no orgasm. Saying today that it is legitimate to do that with me too, because i did also would just prevent people to find the person who programmed this habit at ABB Flexible Automation AG in 1999 on a Windows NT computer, so possibly Windows / Hardware Builtin in and the boy that was not bugged just named as the person who planted the traps, but in fact he is just scapegoat...

 Admin = GOD?

<https://0x8.ch/HackersCardgame7>

Inventor: philo1
Year: ~????

The existence of a **omnipotent Administrator**, especially if the **Mainframe** controls the whole world would / will destroy all beliefs: **belief in God**, belief in faith, belief in Religion, belief in beeing of use for anything

3-Letter word triggered t1, t* malware. eg. SMC transmitted **Stefan** and **Claudia** are nailing **Marc** to a cross, then Runa Amok or Run Suicide & b1, all based on the Ius Primum Novis Rape Blums did to me, initial cards, Invitation from Blums, m38, b1, ... m37, last card m23, later i began to give that sort of malware / suicide death bots names. **cAPI <parameter>** c for claudine, because she or her family programmed this suicide trigger to me. Erst anlocken Urs(Astrid), abrichten (Claudine), dann claudine (ich wott jetzt abrithan) dann Urs "Wa wotter er", dann unfairer Schmiss, dann permanent Suizidal. **cAPI Rosli**, **cAPI Copyright / Piracy**, **cAPI Scientology** (maybe just CIA Mental Operating System), **cAPI Qualia**, **cAPI Kleibz**, **cAPI Martin**, **cAPI Urs**, **cAPI Karg**, **cAPI Marco Spring** (Karg), **cAPI Children**, **cAPI gaze1c01**, **cAPI unibas...**

 YOU KILLED!!!
PSY-BACKDOOR

Inventor: xxxxx
Year: ~1999

If you would have something like Neuralink or USA477027 and Windows tells you, click here and an innocent person will die, or mouse gestures "if you draw a V with your mouse" [dx/dt | dy/dt] then a chinese person you not know will die. You maybe would not do this. But if someone adds, "this should technically not be possible" and is illegal, you would need to test that to check that nobody else goes into this trap. Maybe you really killed someone. Since you don't know this person (german: **kein Motiv**) and Windows was sold as kids-toy not as Weapon you are **maybe** just the scapegoat. Maybe people killed Windows on Windows so the "Colateral Murder" video would recruitmize 16Mio People for drawing this damn V on Windows **m50** card. **Unknown Genius**, and those who have not really killed the victim but feel guilty too would the real murderer to obfuscate, spank, hide all evidence that could lead to the murderer or its network.

Im Alter von 15 & 16 Jahren konnten drei Nerds sich ein bisschen Geld verdienen, die Punkten aufschreiben welche **Militärische Schnüren** beim sogenannten **"obligatorischen Schießen"** in der Schweiz erzielten. Ich war bei den Offizieren. Diese drei Jungs waren zwar irgendwie merkwürdig aber in Informatik alle drei hochbegabt. (Pivot Element Pradi Adler Arau), das "Angebot" kam bei mir durch deren Schulen (BZT Arau, ev auch Baz&Sek Buchs), ich diente, dass seit diesem Zeitpunkt die drei Jungs durch UNBEKANNTE gestakt werden. Eventueller wird das Wort Knabenschwanz eingeschleift, also der mist ist wohl noch aktiv. Ev. ist dies eine falsche Spur, die die Landeswehr höheren Alters gelegt haben, um davon abzulenken. 2.B. 1960er listen vom IRO/ICIA/NSA bekommen haben von 14 Jährigen die sich Assembler Böcher gekauft haben, welche dann vom Netzwerk der Amerikaner unter Zuhilfenahme fehlbarer Offiziere der Schweizer Armee proaktiv angegriffen wurden.
